NHSPA Years 7 – 9 Assessment Task Absence & Lateness Policy

Each faculty in the school has formal common assessment tasks, whose schedules are published in the school's official Assessment Booklets. The school is committed to enhancing and encouraging students' learning outcomes. This policy is designed to ensure consistency throughout the school, to ensure no student is disadvantaged and encourage students to meet their assessment deadlines. Students who do not meet deadlines will be penalised in accordance with this policy. Note that students are still expected to complete all tasks so that outcomes can be attempted, assessed and reported on.

All students are given at least **TWO weeks' notice** prior to an assessment task being due.

Illness/misadventure

- In all cases of absence or late submission, students need to bring a note from their parent/carers outlining the reason for the absence/lateness. This will be taken into consideration by the teacher in consultation with the head teacher, to avoid loss of marks.
- Students needing to apply for an extension for an assessment task need to bring a note from their parent/carers at least one week prior to the due date, outlining a valid reason, if they know in advance they will not be able to meet a deadline. This will be taken into consideration by the teacher in consultation with the head teacher.

Technology

Technology problems are generally not deemed a valid excuse for late submission of an assessment task. Further, tasks should be submitted as a hard copy (not USB or similar) to teachers and not emailed unless this is a stated requirement of the task.

Extra-Curricular, Co-Curricular Events and Excursions

- If a scheduled assessment task clashes with an extra or co-curricular activity, e.g. representing the school in performance, technical rehearsal, sporting or other events, it is the students' responsibility to make alternate arrangements at least a week prior to the due date.
- Assessment tasks take precedence over excursions and it cannot be assumed that an assessment task can be rescheduled. This requires negotiation between the student, class teacher and the Head Teacher.

ASSESSMENT TASK ABSENCE & LATENESS PROCEDURES

In Class Tasks (Written & Practical)

Students absent on the date of an in class task will complete the task in the next lesson or another time (as close as possible to the original due date) as arranged by the class teacher.

Hand In Tasks

A faculty will deduct 20% of the total assessment task mark each school day a task is late. After five school days, if the task is still not submitted the student will receive a mark of zero for the task.

Oral Presentations

Students who are not prepared for an oral presentation on the due date will lose 20% of the total mark each school day until a copy of the speech is handed to their teacher. Students without a hard copy on the due date have the opportunity to give a speech without using notes on that day to avoid loss of marks.

Performances

Students absent on the date of a performance will be assessed in the next lesson or another time as arranged by the class teacher. In the case of student absence for group performances the task will be rescheduled by the class teacher.
